

§ 84.49

§ 84.49 What if the project costs more or less than originally expected?

All requests for additional monies for approved coastal wetland grants will be subject to the entire review process along with new grants. Any monies left over after the project is complete, or if the project is not completed, should be returned to the Washington Office for use in following years. If a State has lands it wishes to acquire, restore, or enhance in close proximity to the original project, and the Region deems that spending project monies in these areas would provide similar benefits, the Region may use unspent balances to pay for these projects with prior approval from the Washington Office. States must provide adequate justification and documentation to the Regions that the lands acquired, restored, or enhanced are similar to those in the original proposal and provide similar benefits to fish and wildlife.

§ 84.50 How does a State certify compliance with Federal laws, regulations, and policies?

(a) In accepting Federal money, coastal State representatives must agree to and certify compliance with all applicable Federal laws, regulations, and policies. The applicant will need to submit a Statement of Assurances (either SF 424B or SF 424D) signed and dated by an authorized agency representative as part of the proposal.

(b) Compliance with environmental and other laws, as defined in the Service Manual 523 FW Chapter 1,⁶ may require additional documentation. Consult with Regional Offices for how this applies to a specific project.

Subpart A—General

§ 85.10 Purpose and scope.

The purpose of this part is to establish requirements for state participation in the Clean Vessel Act Grant Program authorized by Section 5604 of the Clean Vessel Act (Public Law 102–587, Subtitle F).

§ 85.11 Definitions.

Terms used in this part shall have the following meaning:

Clean Vessel Act or Act. The Clean Vessel Act (Pub. L. 102–587, subtitle F).

Coastal State. A State of the United States in, or bordering on, the Atlantic, Pacific, or Arctic Ocean, the Gulf of Mexico, Long Island Sound, or one or more of the Great Lakes. The term also includes Puerto Rico, the Virgin Islands, Guam, and the Commonwealth of the Northern Mariana Islands. The term excludes Alaska and American Samoa because these States have a ratio of the number of recreational vessels in the State numbered under chapter 123 of title 46, United States Code, to number of miles of shoreline (as that term is defined in § 926.2(d) of title 15, Code of Federal Regulations, as in effect on January 1, 1991), of less than one.
